

Call for Abstracts

**Full Spectrum of Heart Failure Therapy: Making the Connections
2nd Annual Conference
October 16-17, Bell Harbor Conference Center
Seattle, Washington**

Please consider showcasing your clinical and academic work at our regional symposium.

Abstract Submission

Submission of original abstracts relating to cardiovascular disease and heart failure are invited and will be considered for poster presentations during the conference.

Abstract Categories are:

1. Case Reports / Clinical vignettes / Case Series
2. Clinical Research
3. Translational Research
4. Quality Improvement / Patient Safety / Outcomes Research
5. Nursing / Pharmacy / Allied Health

Abstracts should be submitted online in Word format and should not exceed 400 words including title and authors. The presenting author must be listed in the first author slot of the list. All abstracts must be submitted via email to heartcme@uw.edu by September 1, 2015. Acceptance notifications will go out on September 15, 2015.

The best abstracts will be selected for oral presentations and \$500 awards will be given to presenters for two categories:

1. Best Trainee Submission
2. Highest Impact Project

Presenting authors of accepted abstracts will be provided with complementary registration for the conference.
