# CLINICAL CARDIOLOGY PEARLS FOR PRIMARY CARE

APRIL 28 - 29, 2017

**F**or primary care providers – including family medicine physicians, internists, nurse practitioners, physician assistants, nurses and others with an interest in heart disease

## COURSE DESCRIPTION

This course is tailored for a primary care audience and is intended to provide practical, up-to-date information on commonly encountered cardiovascular diseases. World-class faculty from the University of Washington School of Medicine will teach participants using case-based lectures and an audience response system to encourage interactive dialogue. Recent guidelines, cardiovascular conditions, and topics such as the practical use of new anticoagulants, appropriateness of cardiac testing, and application of echocardiography in the management of valvular heart disease will be reviewed. A designated question and answer session will follow each talk, allowing for participants to engage and discuss with premier faculty on topics that are continuously changing.

## ACCREDITATION

**Accreditation with Commendation**  
The University of Washington School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
