ADVANCES IN FAMILY MEDICINE & PRIMARY CARE

Monday - Friday

September 11 - 15, 2017

University of Washington

Health Sciences Center - Hogness Auditorium

1959 NE Pacific Street

Seattle, WA

Sponsored by UW School of Medicine

Department of Family Medicine

Office of Continuing Medical Education

TARGET AUDIENCE

This course is designed for family physicians, primary care providers, internists, pediatricians, osteopathic physicians, physician assistants, nurse practitioners and others interested in primary care.

COURSE DESCRIPTION

This is the 45th year that the Department of Family Medicine at the University of Washington School of Medicine is offering five days of educational opportunities for family medicine and primary care health care providers.

Each year, our goal is to provide current information about practice skills and the diagnosis and management of a broad array of primary health care issues within family medicine: cardiology, endocrinology, psychiatry and behavioral science, neurology, sports medicine, women's health, pulmonology, nephrology, infectious disease, chronic pain, pediatrics, and gastroenterology. Course topics are chosen with these criteria in mind:

- Suggestions from previous course attendees;
- Recent breakthroughs that may have significant impact on primary care practice and health outcomes;
- Controversial topics where medical opinions may vary or are in flux; and
- Information about practice transformation that is in line with new healthcare legislation.

We offer a wide variety of interactive workshops to reinforce and integrate content that is shared in large group plenary sessions, and integrate educational methods that engage attendees and deepen learning.

NEW!

This year, we are providing a special opportunity for all attendees to receive the **All Patients Safe Suicide Prevention Training** with *no additional cost*. This can be used toward the new required 6 hours for health care providers in the state of Washington. An initial plenary lecture and subsequent 2-hour workshop will cover key areas. Participants will be able to complete the remaining 3 hours of training using online training modules.

ACCREDITATION

Accreditation with Commendation

The University of Washington School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

The University of Washington School of Medicine designates this live activity for a maximum of 38.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This Live activity, 45th Annual Advances in Family Medicine & Primary Care, with a beginning date of 09/11/2017, has been reviewed and is acceptable for up to 38.75 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

COURSE OBJECTIVES

Upon completion of this activity, attendees should be able to:

- Apply new knowledge and skills from family medicine, cardiology, endocrinology, psychiatry and behavioral science, neurology, sports medicine, women's health, pulmonology, nephrology, infectious disease, chronic pain, pediatrics and gastroenterology, to the care of patients in primary care.
- Integrate teamwork designs into practice to improve efficiency and quality of care within the context of a patient-centered medical home.
- Describe new practice designs to optimize practice effectiveness in chronic disease management, detecting and treating mental health problems and opioid addiction.

INFECTIOUS DISEASE UPDATE

EVENING ADD-ON PROGRAM*

Description

Experts will provide updates in the changing world of infectious disease that will impact your practice. Our focus will be incorporating the latest knowledge and techniques in your busy primary care workflow.

Objective
