# CLINICAL CARDIOLOGY PEARLS FOR PRIMARY CARE

Monday & Tuesday

April 27-28, 2020

Online Live Zoom Webinar

Sponsored by UW School of Medicine  
Department of Medicine, Division of Cardiology  
Office of Continuing Medical Education

For primary care providers – including family medicine physicians, internists, nurse practitioners, physician assistants, nurses, and others with an interest in heart disease.

### COURSE DESCRIPTION

This course is tailored for a primary care audience and is intended to provide practical, up-to-date information on commonly encountered cardiovascular diseases. World-class faculty from the University of Washington School of Medicine will teach participants using case-based lectures. Recent guidelines for hypertension, cholesterol management, and diabetes will be reviewed. Everyday primary care topics including diagnosis and treatment of coronary artery disease, congestive heart failure, valvular heart disease and supraventricular arrhythmias, including atrial fibrillation, will be covered. Practical issues regarding use of new anticoagulants will be discussed. Appropriateness of cardiac testing will be discussed during lectures on the cardiovascular physical exam and the evaluation of chest pain with stress testing.

### COURSE FEES
