

# Thinking about becoming an ethics consultant?

## Advanced Training in Healthcare Ethics

Distance Learning Program  
*offered by*  
UW School of Medicine  
Department of Bioethics and  
Humanities

Guided by the Core Competencies for Healthcare Ethics Consultation, the Advanced Training program provides students with foundational knowledge and skills to broaden their competency in clinical ethics and ethics consultation.

The curriculum includes three distance learning courses and a one-week CME course, the Summer Seminar in Healthcare Ethics. Courses are designed to develop clinical ethics and ethical reasoning skills.

Courses begin in September, 2018, with one 4-credit course offered in Fall, Winter, and Spring. The training can be completed within one academic year, plus the one-week Summer Seminar.
