

April 29, 2022**21st Annual Cardiology Pearls for Primary Care**

This course is tailored for a primary care audience and is intended to provide practical, up-to-date information on commonly encountered cardiovascular diseases. World-class faculty from the University of Washington School of Medicine will teach participants using case-based lectures to encourage interactive dialogue. *(Online via Live Webinar.)*

July 21-22, 2022**Updates in Hospital Medicine**

This course offered by the University of Washington is directed toward hospital medicine physicians, ARNPs, and PAs. The purpose of the course is to update the skills of inpatient providers with a focus on common problems in clinical care. The format consists of brief, directed live or video presentations followed by discussions where participants will be able to ask the presenters questions. *Hybrid (Online or In-Person at UW Tower).*

August 19-21, 2022**2nd North American Workshop on Vascular Ultrasound**

This course is designed to provide basic training for the rheumatologist in performing vascular ultrasound for the diagnosis of large vessel vasculitis. Hands-on training will be a significant component of this activity, partnered with expert faculty in the field, who will discuss and demonstrate how to identify the basic vascular pathological findings. Intermediate to advanced skill in the performance of ultrasound is strongly recommended as a prerequisite to this course. *(In-Person at the Graduate Hotel.)*

August 26-27, 2022**Men's Health Update**

An internationally acclaimed faculty has been assembled to provide this update, with presentations on topics such as prostate screening and treatment, testosterone deficiency and the controversy of testosterone replacement, male urinary dysfunction, kidney and bladder pathology, sexual dysfunction, male infertility and the changing influence of marijuana, and genital pain syndromes. During the plenary sessions, the registrants will have the opportunity to participate in case discussions and question/answer sessions. *(Online via Live Webinar.)*
